For the avoidance of doubt, Customer's instructions for the Processing of Personal Data shall comply with the PDPL. Customer shall have sole responsibility for the accuracy, quality, and legality of Personal Data and the means by which Customer acquired Personal Data. Customer specifically acknowledges that its use of the Services will not violate the rights of any Data Subject that has opted-out from sales or other disclosures of Personal Data.

2.3 2A's Processing of Personal Data. 2A shall treat Personal Data as Confidential Information and shall Process Personal Data on behalf of and only in accordance with Customer's documented instructions for the following purposes: (i) Processing in accordance with the Agreement; (ii) Processing initiated by Users in their use of the Services; and (iii) Processing to comply with other documented reasonable instructions provided by Customer (e.g. via email) where such instructions are consistent with the terms of the Agreement. 2A is not obligated, within this DPA, to process Sensitive Personal Data.

The duration of the Processing, the nature and purpose of the Processing, the types of Personal Data and categories of Data Subjects Processed under this DPA are further specified in Schedule 1 (Details of the Processing) to this DPA.

2.5 Service improvement. On condition that the integrity of the Data Subject is not under threat and that 2A does not establish new purposes or means for the Processing, 2A has the right to develop and improve its services without it being regarded as contrary to instructions given by the Customer. 2A may always develop and improve its services using anonymous data without Customer's approval.

2.6 Changes of Processing. The Customer shall, without delay, inform 2A of changes to the Processing that affect 2A's obligations and rights in accordance with this DPA. The Customer shall also inform 2A of third-party measures relating to the Processing, including those of the Office, Data Subjects or Third Party Controllers. The Customer shall compensate 2A for increased cost arising as a consequence from changing or amending instructions for the processing of Personal Data.

3. RIGHTS OF DATA SUBJECTS

2A shall assist Customer by appropriate technical and organizational measures, insofar as this is possible, for the fulfilment of Customer's obligation to respond to a Data Subject Request under the PDPL. In addition, to the extent Customer, in its use of the Services, does not have the ability to address a Data Subject Request, 2A shall upon Customer's request provide commercially reasonable efforts to assist Customer in responding to such Data Subject Request, to the extent 2A is legally permitted to do so and the response to such Data Subject Request is required under the PDPL. To the extent legally permitted, Customer shall be responsible for any costs arising from 2A's provision of such assistance.

In the event Customer objects to a new Sub-processor, as permitted in the preceding sentence, 2A will use reasonable efforts to make available to Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to avoid Processing of Personal Data by the objected-to new Sub-processor without unreasonably burdening the Customer. If 2A is unable to make available such change within a reasonable period of time, which shall not exceed thirty (30) days, Customer may terminate the applicable Services which cannot be provided by 2A without the use of the objected-to new Sub-processor by providing written notice to 2A. 2A will refund Customer any prepaid fees covering the remainder of the term following the effective date of termination with respect to such terminated Services, without imposing a penalty for such termination on Customer.

entitled on 30 days' written notice to carry out an audit of the 2A's processing of the Personal Data and information relevant in that respect. 2A shall assist the Customer during the audit. Customer shall carry the costs for such audit unless the audit shows that 2A's processing of the Personal Data materially breaches its obligations under PDPL or this DPA, in which case 2A shall carry the costs for

the audit. Audits shall be carried out in a manner that does not interfere with 2A's other activities more than absolutely necessary

7. PRIVACY RISK MANAGEMENT

Upon Customer's request, 2A shall provide the Customer with reasonable cooperation and assistance needed to fulfil Customer's obligation under the PDPL to carry out a data protection impact assessment related to Customer's use of the Services, to the extent Customer does not otherwise have access to the relevant information, and to the extent such information is available to 2A. 2A shall provide reasonable assistance to Customer in the cooperation or prior consultation with the Office in the performance of its tasks as required under the PDPL. The Customer shall reimburse 2A for such work in accordance with 2A's applicable price list at any given time.

8. PERSONAL DATA INCIDENT MANAGEMENT AND NOTIFICATION

2A maintains personal data breach management policies and procedures in compliance with PDPL and shall notify the Customer without undue delay after a personal data incident has been discovered. 2A shall make reasonable efforts to identify the cause of such Personal Data Breach and take those steps as 2A deems necessary and reasonable in order to remediate the cause of such a Personal Data Breach to the extent the remediation is within 2A's reasonable control. The obligations herein shall not apply to incidents that are caused by Customer or Customer's users.

9. TRANSFERS TO THIRD COUNTRIES

9.1 Transfers by 2A. Any transfers of Personal Data under this DPA from the European Union, the European Economic Area to countries which do not ensure an adequate level of protection shall be transferred only if contractual (Standard Contractual Clauses), security (e.g. ISO 27001) and organizational safeguards (e.g. employee training, respond to data subject rights) are used. The level of safeguards is commiserate to the privacy risk as assessed by 2A.

9.2 Transfers by Customer. In the event of 2A's Processing of Personal Data pursuant to the Agreement or this DPA imposes an obligation on 2A to transfer the Personal Data to a third country (outside of the EU/EEA) or an international organization that is not covered by an adequate level of protection, it is the Customer's obligation to ensure that appropriate safeguards are in place for each such transfer in accordance with Article 46 of the PDPL and any applicable domestic data protection or privacy laws. 2A is not obligated to transfer the Personal Data to a third country if the appropriate safeguards are not in place.

10. RETURN AND DELETION OF PERSONAL DATA

2A shall return Personal Data to Customer and, to the extent allowed by applicable law, delete Personal Data in accordance with 2A procedures and aligned to applicable laws and regulations.

11. CONFIDENTIALITY

2A undertakes not to disclose to third parties any Personal Data, or to disclose information about the Processing of Personal Data that is covered by this DPA. 2A's confidentiality obligation under this Section 11 does not apply to information provided by 2A in accordance with instructions from the Office or other authority or court or information about a Data Subject that 2A received approval from the Data Subject to disclose. The confidentiality obligation under this Section 11 shall continue to apply after the termination of this DPA.

12. LIABILITY

12.1 Each Party's liability for damages under this DPA is governed in the Agreement and 2A's General Terms and Conditions.

12.2 Notwithstanding Section 12.1 above, if a Party becomes liable to a Data Subject under PDPL and the other Party was involved in the same processing as formed the basis for the Data Subject's claim, the other Party shall (in accordance with Article 82.5 PDPL) reimburse the liable Party with the part of the compensation corresponding to the other Party's part of the responsibility for the damage. In addition, the other Party shall compensate the liable Party for fair and proportionate (in relation to the other Party's liability) costs of defending such claims. Further, a Party subject to a claim from a Data Subject shall within reasonable time inform the other Party in writing of the claim, if it is likely that claims against the other Party may be made. The other Party shall gain insight into the Data Subject's and the Party's documents in such lawsuit and shall be given the opportunity to comment on this.

13. SEVERANCE

Should any provision of this DPA be invalid or unenforceable, then the remainder of this DPA shall remain valid and in force. The invalid or unenforceable provision shall be either amended as necessary to ensure its validity and enforceability, while preserving the Parties' intentions as closely as possible or, if this is not possible, construed in a manner as if the invalid or unenforceable part had never been contained therein.

14. GOVERNING LAW AND JURISDICTION

Any disputes or claims arising under this DPA, including disputes regarding its existence, validity or termination or the consequences of its nullity shall be settled as stipulated in the Agreement.
